# Proposed Goal

**GOAL 8:** Stanislaus County residents and organizations interested in improving health will become more educated about and involved in the planning process and policy making.

# Proposed Focus Areas

- **Focus Area 1:** Increase the general community's knowledge of local planning and policy-making processes and the effect of planning decisions on health.
- **Focus Area 2:** Increase the general community's involvement in planning and policy-making processes.
- **Focus Area 3:** Increase mutual understanding and cooperation between the health community and the planning community.
